Profile

I have been practicing as a Physical Therapist for over 12 years and worked in a variety of settings. I am interested in treating shoulder, hip, knees, post-surgical cases and vestibular rehab.

I am a firm believer that being compassionate, knowledgeable, showing empathy and having good bedside manners are important values to have as a Physical Therapist to deliver the best quality of individualized care.

Outside of work, I enjoy watching movies, walking my dogs and attending Krav Maga classes.
