## Profile

Dom Prospero, OTR/L has been practicing in outpatient orthopedics since graduating with his Masters in Occupational Therapy in 2017. Dom moved back to the Chicagoland area to work at the Glenview Illinois Bone & Joint location following his graduation from Washington University in St. Louis.

Dom developed a drive to pursue a career in occupational therapy after seeing a huge impact it had on his family members. Dom enjoys treating a variety of diagnoses affecting the upper extremities and looks forward to learning more about different diagnoses and treatments.

Dom enjoys being active and played volleyball at the collegiate level. He spends his free time with family, friends, and his dog Harry.

## Education

- Bachelor of Science, Biological Sciences, Fontbonne University
- Master of Occupational Therapy, Washington University, St. Louis
