## Profile

Dom is an Occupational Therapist who has been working with Illinois Bone and Joint Institute since he graduated from Washington University in St. Louis in 2017. As an occupational therapist in an orthopedic setting, Dom treats the upper extremity. Dom enjoys working with a variety of different patients, treating a wide range of upper extremity orthopedic injuries. Dom appreciates the ability to work with physicians every day in order to provide the best care to his patients.

## Education

- Bachelor of Science, Biological Sciences, Fontbonne University
- Master of Occupational Therapy, Washington University, St. Louis
