## Profile

Daniela Martin, MPT, has been practicing as a Physical Therapist for the past 20 years. Born and raised in Chicago, Daniela has been working at the Glenview Illinois Bone and Joint clinic for 12 of those years.

Daniela enjoys treating a variety of diagnoses related to the lower extremity with a special concentration in treating the foot/ankle population. Through continuing education and experience, Daniela has developed an expertise in treating patients with foot/ankle surgeries, performing walking and running gait analysis and fabricating orthotics. She belongs to the Foot/Ankle special interest group and has been a part of multiple IBJI running clinics, analyzing runners mechanics to help prevent injuries. Daniela believes strongly in educating patients on how to properly recover from their injury and prevent reoccurrence.

In her spare time, Daniela enjoys spending time with her family, running and traveling.

## Education

- BS, Biology, University of Illinois at Champaign-Urbana, IL
- Masters in Physical Therapy, Washington University in St. Louis, MO
