## Profile

Mike has been with IBJI since 2016 after graduating nearby Rosalind Franklin University with his Doctorate of Physical Therapy. He currently serves as the Facility Manager (FM) of the Lake Bluff clinic and also spends time at the Libertyville Sports Complex (LVSC).

Mike provides exceptional rehab services in the area of orthopedic care. Mike's focus is on collaborative care, specifically in the area of high level return to play rehab for various sports injuries including ACLs, SLAP, meniscal pathology, and other various ailments.

Mike has extensive experience in the area of sports rehab, and is a active member of IBJI's Sports Medicine Group. Mike has been the Phase IV lead instructor at LVSC, and has helped develop new return to play assessment measures for throwing athletes.

Outside of work, Mike has recently married and currently lives in Libertyville with his wife. He enjoys staying active and is an avid Chicago White Sox and Chicago Bears fan. Mike believes in the importance of strong, personal relationships during rehab and works endlessly to ensure patient comfort and satisfaction.

## Education
