Profile

Grant Robinson PT, DPT, has been practicing with IBJI since 2012 when he graduated from Rosalind Franklin University. He is excited to be working in the specialty of orthopedics and could not be more pleased with the staff of fellow therapists and physicians he is surrounded with.

Grant comes from a background that has been centered on fitness and maintaining a healthy lifestyle. Having worked previously as a fitness instructor and personal trainer, he understands complete patient wellness and is motivated to help people achieve their highest quality of life. He has grown up playing soccer, and had the opportunity to work with local high school soccer players, helping them design and implement sport specific strength and conditioning routines. He enjoys working with patients of all ages and diagnoses, especially those eager to return to sports.

In his spare time he still loves to play soccer and cheer on his favorite Detroit sports teams. He is also an avid runner and piano player.

Education

- B.S. Exercise Science at Taylor University
- Doctor of Physical Therapy at Rosalind Franklin University
