Profile

Amanda Shulkin joined Libertyville after earning her AAS in Physical Therapy Assistant at Bay State College in Boston, MA in 2020. Prior to PTA school Amanda earned her Bachelor of Health Science degree at University of Missouri- Columbia. She has experience in both outpatient and inpatient settings and as a rehab aide.

Amanda enjoys working with a variety of patients and diagnoses. Her main goal as a therapist is to help her patients get as close to or above their prior level of function and improve their overall quality of life. She likes working one-on-one with her patients and building a strong relationship with them. She is extremely excited to further her techniques at IBJI through continuing education.

During her free time Amanda enjoys working out, yoga, spending time with her family and friends, and traveling. She is extremely excited to be part of such an amazing team.

Education

- Bachelor of Health Science, University of Missouri- Columbia
- Physical Therapist Assistant, Bay State College, Boston
