Profile

Margie Kahle OTR/L, CHT has been practicing as an Occupational Therapist the past 25 years, all of which have been devoted to hand therapy. She has been working for Illinois Bone & Joint Institute for 16 years.

Margie enjoys treating a variety of upper extremity orthopedic injuries for all ages and is skilled in focus rigidity and thermoplastic splinting. Margie's approach to patient care is eclectic drawing from her many years of studying under diverse disciplines and philosophies in manual therapy and quality functional outcomes. She enjoys the collaborative care model that the Illinois Bone & Joint Institute strives to achieve and works closely with the physicians for optimal patient outcomes.

Education

- BS, Occupational Therapy at University of Wisconsin in Madison
