Profile

Christine graduated from Governor State University and has been practicing Occupational Therapy since 2015. She enjoys fabricating custom orthoses and treating a wide variety of diagnoses. She plans to continue her education by sitting for the Certified Hand Therapist exam. She believes some of the best care is when good communication between therapists, physicians, nurses and all supporting staff occurs in a collaborative environment. Her interests outside of work includes being with her family, playing soccer, and baking cookies.

Education

- Bachelor's of Exercise Science, Olivet University 2011
- Master's of Occupational Therapy, Governors State University 2014
